## 17 Additional Farms Enter Saline County Soil Conservation District

September Board Meeting Held Thursday Night

Seventeen farms have come into the Saline County Soil Conservation district this year, it was revealed at the September meeting of the board of directors held Thursday night.

The board approved the request of Kenneth Jackson to place a new farm he had bought into the district program. Previous the following entered this year: Clarence Etienne Jr., Wilbur Leitch, Herbert Reynolds, H. C. Lewis, Wilbur Fowler, Thomas Clevenger, Ben Wintzler, Jess and H. E. Rister, Otto Barnett, Egbert Tatz, Robert Muge and Victor Hall (two farms), Ralph Ferrell, Guy and J. E. Whipple, Virgil Berrong and Robert W. Bridwell.

Directors present at the Thursday night meeting were A. A. Gholson, Carl Vance, Ewell Harris and R. L. Morris. Others attending were Tom Morgan, farm planner, and L. B. Kimmel, farm adviser.

On the program for consideration by the board of directors were: 1. Review of the district accomplishments from 1952 through 1956. 2. Making plans for a fall conservation tour of farms in the county to observe some conservation farming activities. This tour will be held in October and details will be published later.

3. Plans for the annual meeting of the district in January were discussed. Attention is now being directed toward getting a speaker.

4. Mr. Morgan reported to the directors about interviews he had with high school principals in the county regarding renewal of the Soil Conservation essay contest sponsored by the district the past two years. The plan this year includes a field trip for students to see conservation work in the county. Final decision will be held up until additional information can be

Mr. Morgan also reported that the following farmers have been assisted in their installation of conservation practices:

Grass waterways: Clarence Etienne Sr., Art Wintzler, Homer Watson, Wilbur Fowler and Katherine Glascock, and Ralph Ferrell.

Drainage ditches: J. L. Baker, Densil Duffee, Herbert Reynolds and Troy Hicks, Wilbur Fowler and Katherine Glascock, Ralph Ferrell and Lloyd L. Cotter.

Tile outlets: W. E. Gidcomb and Lowell Wise.

Structures: John Davis and Homer Watson.

Ponds: Bill DeVeliz.

The following farmers have been assisted this year in developing basic conservation farming plans on their farms:

J. C. Durham, Earl Mings, Fred Anderson, Frank Anderson, Philip Anderson, Otis Hancock and J. C. Spurlock, Cecil Edwards, Herbert Reynolds and Pingleton, Guy and J. E. Whipple, Sahara Coal Co., Martel Mason, Jess Endicott, W. A. Morris, Lyman Jones, Maurice Beasley and Virgil Manker.

## Elect Joliet Man Grand Commander Of Knights Templar

SPRINGFIELD (U)—Howard M. Snapp Jr., Joliet, was installed today as grand commander of the Illinois Knights Templar at the group's annual convocation here.

Snapp succeeded G. Wilbur Bell, Champaign.

Other new officers are: Emore F. Whitman, Maywood, deputy grand commander; Jerry C. Angel, Chicago grand generalissimo; Clarence C. DeWitt, Mount Vernon, grand captain general; Seth W. Flanders, Aurora, grand senior warden; Edwin R. Hobson, Gillespie, grand junior warden; Stuart E. Pierson, Carrollton, grand treasurer; Edwin D. Dade, Chicago, grand recorder; Alvin L. Crump, Evanston, grand standard bearer; and William Mead, Oakwood, grand sword bearer.

## Spellman Chief Chaplain

VATICAN CITY (U)—The Vatican announced today that the Sacred Congregation of the Consistory constituted the Catholic vicariate of the United States armed forces with Francis Cardinal Spellman as chief chaplain.

## Two Convicts Slain in Cells By Meatcleaver

ANGOLA, La. (U)—Authorities at the Louisiana State Prison today were investigating the meatcleaver slaying of two convicts sleeping in their cells.

The convicts were identified as Billy Aldrich, 33, and Joseph Gros, 25. Their bodies were found by prison officials Friday in the cell they shared.

Prison Warden Maurice Sigler, West Feliciana Parish (county) Dist. Atty. Richard Kilbourne and Sheriff William Percy Jr. spent most of the day questioning more than 50 convicts who live in the medium-security dormitory where the two men were killed.

The warden, a veteran of federal penitentiaries, called the crime "one of the most vicious things I have seen."

"Someone took a meat cleaver and struck both of them along the side of the head and the face," he said.

## Check Reports Of Phony Cop in Torso Murder

CHICAGO (U)—Investigators looking into the torso murder of a 15-year-old girl today called reports on a "phony" policeman the "best thing we now have."

The announcement followed two reports in the last day that a man posing as a policeman had ordered a woman and two teenagers into his car and made indecent proposals. In both instances, he was in plainclothes and flashed a badge.

A similar incident may have led to the slaying of Judith Mae Andersen whose dissected body was found in two floating oil drums several weeks ago, authorities said.

Two teen-age girls said the man had picked them up on a city street, told them they were violating the 10:30 p. m. curfew, and drove them into an alley. They resisted his advances and fled, they said.

The young wife of a serviceman, the mother of two children, said the alleged policeman ordered her into his car on charges she was "loitering." She escaped when he stopped his car in a park.

Chief of Detectives Patrick J. Deeley said the policeman impersonator "angle is the best thing we now have in the Judith Mae Andersen murder."

## Hoffa Predicts He'll Beat the 'Three Old Men'

DETROIT (U)—Jaunty Midwest Teamsters boss James R. Hoffa predicted today he will beat "those three old men" who are running against him for the presidency of the giant union.

The outspoken Hoffa said he was not worried about reports opposing candidates have discussed merging forces in an effort to wreck his chances.

Thomas J. Haggerty, secretary-treasurer of the Chicago Milk Wagon Drivers' local and an anti-Hoffa candidate, said there has been "an attraction for a merger" between himself and the other two contenders, Rep. John F. Shelley of San Francisco and Thomas R. Hickey of New York.

Hoffa, two-fisted Detroit labor leader, said he already has more than half the delegates to the international Teamsters convention in his corner.

"Let the other candidates count their votes and I'll count mine," he said. "I know from telegrams and other sources that I have the vast majority of delegates pledged to me."

"If those fellows added up all the votes they claim to have, we would find 3,900 delegates at the convention instead of 1,885."

"This is a race of a young man against old men. At the end of the game, they'll be panting and I'll be calm. I do this running around 365 days a year. They are doing it in spurts to get a \$50,000 job and then they'll go back to sleep."

The 44-year-old Hoffa had been considered heir-apparent to the lucrative spot being vacated by Teamsters President Dave Beck before he appeared at Senate Rackets Committee hearings last month.

## 1,005,952 Acres Of Winter Wheat In 1958 Soil Bank

WASHINGTON (U)—Farmers agreed to deposit 1,005,952 acres of winter wheat in the 1958 soil bank in contracts signed through Sept. 6, the Agriculture Department reported today.

If farmers comply with the contracts, they will earn government payments totaling \$20,574,724, the department said.

The report covers the first two weeks of the sign-up period for the 1958 soil bank acreage reserve. In the comparable period last year, wheat growers contracted to retire 2,454,400 acres from production.

## Lumber Firm Ransacked

The Ray Durham Lumber Co. was entered and ransacked last night, county officers reported. Only a small amount of change was missing.

## Sentenced

Edward Cawthon of Eldorado was sentenced to a year in Vandalia when arraigned Friday before County Judge Trafton Dennis on a charge of resisting arrest.

## Nashville Police Chief Says Klan Member Stated He And Kasper Hid Dynamite

NASHVILLE, Tenn. (U)—Police Chief Douglass Hosse today quoted a member of the Ku Klux Klan as saying he and John Kasper hid dynamite in a house two days before a Nashville grammar school was blown up.

A check of the house failed to turn up the explosive, Hosse said.

Hosse said a Charles Reed, who traveled around the city in a car bearing klan markings, said he and Kasper hid the dynamite in an "old house."

Hosse said when he and FBI investigators went to check the house Friday they failed to uncover any dynamite. Officials quoted Reed as insisting he did not know how the dynamite got out of the building.

The \$500,000 Hattie Cotton grammar school was destroyed by a dynamite explosion early Tuesday morning after the first day of

Nashville's "gradual" desegregation program became bogged down in racial violence.

Police also were questioning an unidentified man turned over to them by the FBI who was reported to have "some information" about the school dynamiting.

Officials refused to identify the man, nor would they reveal what comments, if any, Kasper made in connection with Reed's statement about the hidden dynamite.

Kasper is being held in jail on a charge of inciting to riot. Bond has been set at \$2,500.

Nashville police went back on a normal eight-hour shift after working 12 and 14 hours a day in the midst of the city's racial troubles.

Children began returning to classes in five public schools which now have 11 Negro children in the classes but absenteeism was still heavy.

## Reaction to Warning

## Turkey Ousts Two Russians for Spying; Caught Red Handed

Turkey reacted to a blunt new Soviet warning on the Middle East today by ousting two Russians from the country for spying.

The accused spies—Soviet assistant naval attaché Capt. Alexandre Maragaine, 38, and another Russian named Michael Lischin—were caught red-handed by police Friday night trying to buy military information from a young Turk at Bosphorus.

Both were given 48 hours to get out of the country, in which they have lived since 1952.

The Turkish action was not marked officially as reaction to a belligerent note from Soviet Premier Nikolai Bulganin to Turkish Premier Adnan Menderes. But Westerners regarded it as an indication the Turks would not bow to Russian intimidation.

## Release Note

Bulganin's note, delivered last Wednesday and released Friday night in Moscow, warned Turkey that any joint intervention in left-leaning Syria with the United States would bring disaster to Turkey.

He repeated a charge made earlier this week by Soviet Foreign

Minister Andrei Gromyko that the United States is plotting with Turkey to attack Syria.

Western observers in Moscow said Israel could be expected to be the next nation to get a Bulganin threat.

The United States repeatedly has denied it has any intention of intervening in Syria. But that has not slowed the Russian propaganda campaign.

In Athens, a Greek government spokesman lashed back at a Moscow radio broadcast accusing Greece of conspiring with the United States against Syria.

## Quote Minister

He said that Greece's friendly ties with all Arab nations are well known and "maybe this fact annoyed Moscow's commentators."

In Cairo, the Middle East News Agency quoted a Saudi Arabian cabinet member, Minister of Communications Abdel Aziz, as pledging his country's support against "aggression" in Syria.

But diplomatic sources in Washington said that just last Aug. 25 King Saud expressed his serious concern to President Eisenhower over pro-Communist developments in Syria.

## Dr. John Furbay to Address Southern Illinois Dinner Club Tuesday Night

Dr. John Furbay, Ph. D., education director of TWA who was present at Geneva, Switzerland, at the conference at the Summit and also at the International Education Seminar, as well as the world seminar this summer will bring members of the Southern Illinois Dinner club a first-hand report of what may come out of these conferences, when club members meet Tuesday evening, Sept. 17, at the Harrisburg Country Club.

One of America's widest traveled speakers — he goes some quarter of a million miles annually — and certainly one of its best educated men with degrees from at least three institutions of higher learning, including Yale which granted him a Doctor of Philosophy, Dr. Furbay makes as many as 40 speeches a month.

On a recent tour last summer he made 66 addresses in 22 countries, a record achieved by few speakers anywhere. As education director for TWA he is a frequent visitor to many foreign countries and has a wide knowledge of conditions around the globe.

His intense activities in aviation education, earned for him the "Man of the Year in Aviation for 1955" award, a recognition culminated by receipt of the "Oscar" from President Eisenhower at a big dinner in Washington on the anniversary of the Wright Brothers historic flight.

Furbay is in demand by TV producers having appeared on 12 programs early in 1955. He is the consultant for the Disney picture on Aviation and its effect upon the modern world.

## Sullivan Bond Set at \$3,000

Howard Sullivan was arraigned Friday before U. S. Commissioner Harry L. McCabe on the federal charge of forging and altering postoffice money orders and his bond was set at \$3,000. He was taken to the Franklin county jail at Benton by Deputy U. S. Marshal James Thompson.

## Appeals Court Decision

Myrtle Hunsaker has appealed to circuit court a county court decision in the estate of the late James T. Giles of Eldorado, entering a claim of \$2,500 for nursing services in her appeal. The case was filed for her by Atty. Robert V. Wilson.

## 3,531,509 Tons of Coal Produced in Illinois During August

SPRINGFIELD (U)—Illinois coal production for August totaled 3,531,509 tons, the state Mines and Minerals Department reported today.

This was 694,470 tons greater than for July but 153,230 tons less than for August, 1956.

The August production was reported by 112 mines in 27 counties. The mines employed 10,515 men.

Christian County was the top producer with 493,246 tons, followed by Franklin with 395,357 and Williamson with 390,950 tons.

## Adenauer Is Favored in West German Election

BONN, Germany (U)—The campaign for Sunday's general election ended today with Chancellor Konrad Adenauer considered a sure bet to win another four years in office.

More than 35 million West Germans will vote for 3,000 candidates from 13 parties for the 494 seats in the Bundestag (lower house of Parliament).

The 81-year-old Adenauer and opposition Socialist leader Erich Ollenhauer made their final vocal appeals for votes Friday night.

Adenauer addressed 20,000 roaring supporters jammed into five tents in Frankfurt's fair grounds. He told them West Germany was the "dam against the Red torrent" and reiterated the supreme confidence in victory he has shown throughout the entire four-week campaign.

Ollenhauer addressed two rallies at Braunschweig and Hanover but confined himself to predictions that Adenauer would fail to win the absolute majority needed to form a new government without trouble.

Any final appeals by the two major candidates will be written ones.

Each voter will cast two separate ballots Sunday. The first votes will elect one-half of the members of the new parliament by a straight plurality in each of 247 constituencies. The second vote will be for lists of party candidates who will be chosen by proportional representation.

## Urges Reservations Be Made Early for Shawnee Hills Meeting

George Scherrer, president of the Shawnee Hills Recreation association, today urged reservations for the September meeting to be held at Eldorado Monday to be in as soon as possible, not later than Sunday.

Persons in the Harrisburg area should contact William H. Farley, phone 812-R. The dinner meeting will be in the Eldorado Methodist Education building at 6:30 p. m.

Scheduled to appear will be Jack Calhoun of the Illinois Department of Conservation, who will discuss the open season on deer, and Richard Hagen of the park service.

## Plan Statement On Conference Later in Day

'Hope This All Works Out,' President Tells Governor

By MERRIMAN SMITH  
United Press White House Writer  
NEWPORT, R. I. (U)—President Eisenhower and Gov. Orval E. Faubus of Arkansas conferred for about two hours today, seeking a solution to the Little Rock school integration crisis. The President and the governor decided to wait until later in the day before making any statement on their meeting.

Faubus planned to hold a press conference at the Sheraton Biltmore Hotel in Providence, R. I., at 1 p. m. c.d.t. The vacation White House here at the Newport Naval Base was expected to have a statement shortly thereafter.

Faubus and the President were both smiling and in a handshaking mood as the conference concluded in the Navy Communications Building here.

"The President and I had a very friendly and very constructive conference," the governor said.

The President said to Faubus, "Good luck, and I hope this all works out."

Rep. Brooks Hays (D-Ark.), who originally proposed the Eisenhower-Faubus conference, declined to discuss the conference in detail.

## Started Talk Alone

"I think you will be pleased by our statement," he told a reporter as he boarded the helicopter to return to Providence.

Eisenhower and Faubus, who has been reported ready to go to jail if his face-to-face meeting with the President fails to produce a satisfactory solution, began their talks alone.

But advisers for each side were on hand, ready to be called in as the talk progressed.

They were Atty. Gen. Herbert Brownell Jr., Presidential Assistant Sherman Adams and special counsel Gerald D. Morgan for the President and Rep. Brooks Hays (D-Ark.) and Faubus' executive secretary, Arnold Sykes, for the governor.

Faubus, accompanied by Hays, landed by helicopter on the broad green lawn of the Newport Naval Base at 7:44 a. m. c.d.t. Adams and White House Press Secretary James C. Hagerty welcomed the smiling and apparently jovial Arkansas leader.

## Asking for Time

Faubus and Adams walked immediately to the nearby Navy Communications Building where the President has his vacation White House offices.

Faubus was ushered immediately to the President's office.

# Russia Condemned by UN

## Assembly Adopts New Resolution on Suppression in Hungary by 60-10 Vote

UNITED NATIONS, N. Y. (U)—The United Nations General Assembly by a 60-10 vote, with 10 abstentions, early today adopted a new resolution condemning Russia's brutal suppression of last year's Hungarian freedom revolt.

The resolution, sponsored by the United States and 36 other countries, also named its retiring assembly president, Prince Wan Waithayakon of Thailand, to seek Soviet and Hungarian compliance with previous resolutions. They demanded Russia get its troops out of Hungary and permit free elections.

The vote was hailed as a resounding victory for the West, confronted with stern Communist opposition and an attempt by Asian

ward obtaining compliance with the previous assembly resolutions.

## List Specific Acts

The resolution gave a clear-cut endorsement to the work of the five-member Hungarian investigating committee, comprising representatives of Australia, Ceylon, Denmark, Tunisia and Uruguay.

It reported unanimously last June that the Hungarian revolt was a "spontaneous national uprising" crushed by the "massive armed intervention" of Russia.

It condemned Russia and the Hungarian regime for five specific actions and their "continued defiance of the resolutions of the General Assembly." The actions cited were:

—That Russia, violating the UN charter, deprived Hungary of its "liberty and political independence and the Hungarian people of the

exercise of their fundamental human rights."

—That the present Hungarian regime was "imposed on the Hungarian people by the armed intervention" of Russia.

—That Russia "carried out mass deportations of Hungarian citizens" to the Soviet Union.

—That Russia violated the 1949 Geneva Convention of humane treatment of prisoners.

—That the present Hungarian regime violated guarantees of human rights and freedoms contained in the 1946 peace treaty with Hungary.

Having passed the 37-power resolution, the 11th Assembly session, which originally convened last Nov. 12, ended. The delegates, prior to the start of the 11th annual meeting, had been called into special session on Nov. 1.

The 12th Assembly session starts next Tuesday.

#### BIBLE THOUGHT FOR TODAY

Blessed are they that hunger and  
thirst after righteousness, for they

There are too many people who  
are only casually interested in  
righteousness. It is said that for  
the joy that was held before Him

#### Suggestions for Harvesting Sorghum Silage At Right Time

Many Illinois farmers will be  
harvesting sorghum silage for the  
first time this year. Carl Hittle,  
University of Illinois forage crops  
specialist, gives these suggestions  
for harvesting at the right time.

The best stage for harvesting  
sorghum for silage is when the  
seed heads reach the medium to  
hard dough stage. If silage is  
made when the plants are less ma-  
ture, too much acid develops, giv-  
ing a strong flavor and odor. It  
will also have too much moisture  
and the cows won't like it so well.

If you let the sorghum get  
more mature, the grain will get too  
hard. Then the hard seeds will  
tend to pass right through the  
animal without being digested, Hit-  
tle points out.

#### To Sell Feeder Calves at Evansville At Auction Sept. 20

Seven hundred feeder calves will  
be sold at public auction by the  
Producers Company of Evansville,  
Ind., at the Union Stockyards in  
Evansville on Sept. 20 at 1 p. m.  
(daylight savings time).

Several farmers of this area are  
reported to be interested in se-  
curing feeder calves to feed im-  
mature corn silage which they  
might have in the event of an early  
frost. The sale is an excellent  
opportunity for these farmers to  
secure feeder calves.

## Outlines Rules For Exemption On Feed Wheat

Some of the general provisions  
of the recently enacted 30-acre  
feed wheat exemption law were  
set forth today by Herman Driskell  
of the Saline County ASC office.  
This legislation permits farmers to  
grow up to 30 acres of wheat with-  
out penalty provided all of it is  
used for feed, seed, or human con-  
sumption on the farm where it is  
produced. The new provision ap-  
plies only to 1958 and future crops.

To be eligible to grow 30 acres  
without penalty, producers must  
file an application with the county  
committee prior to seeding time  
on the farm or Oct. 15, 1957, which-  
ever is later. Although applica-  
tion blanks are not presently avail-  
able, they are expected in the near  
future, Mr. Driskell said. Produc-  
ers participating in the program  
will be required to file future re-  
ports on the use of the wheat so  
grown. An application may be can-  
celled by the producer at any time,  
but in this event marketing quota  
program provisions will then ap-  
ply to any wheat producer on the  
farm.

Under the feed wheat exemption  
provision no more than 30 acres  
of wheat may be grown on the  
farm. None of the crop may be  
sold, bartered, or exchanged. The  
entire crop of wheat must be used  
on the farm where it is produced.  
Any livestock or poultry fed must  
be owned by the producer and  
it will not be permissible to re-  
move any wheat to another farm  
for any purpose.

No marketing card will be is-  
sued for farms covered by the  
feed wheat exemption provision  
since none of the wheat from such  
farms may be sold. If the condi-  
tions on which the exemption is  
granted are violated, the exemption  
becomes null and void and the pro-  
ducer will be subject to penalties  
under wheat marketing quota regu-  
lations.

Any producer who signs up for  
the 1958 wheat acreage reserve  
program will not be eligible to  
use the 30-acre feed wheat pro-

vision unless he cancels his wheat  
acreage reserve agreement prior  
to the closing date for cancella-  
tion of wheat acreage reserve  
agreements.

Program provisions permitting  
producers to market 15 acres or  
less of wheat without penalty re-  
gardless of the size of the allot-  
ment will only apply to producers  
on farms which are not participat-  
ing in the feed wheat exemption  
provisions.

Under the wheat program for  
1958 farmers now have the follow-  
ing options:

1. Up to 30 acres may be grown  
on a farm provided all of the wheat

produced is properly used on that  
farm. Written request must be  
filed with the ASC office.

2. The allotment acreage (if  
any) may be grown on the farm  
with price support available on the  
wheat produced.

3. Part or all of the allotment  
may be placed in the 1958 Wheat  
Acreage Reserve, in which case  
the farmer can raise no more than  
the allotment minus the acreage  
placed in the reserve.

4. If there is no allotment on  
the farm or it is small, up to 15  
acres of wheat may be grown with-  
out penalty and placed on the  
market without price support.

## Notes from Farm Adviser

By L. B. Kimmel

I have been gone on vacation the  
past eleven days and upon return  
find extra work to be done. It  
was surprising to see the change  
in some of the late corn. Corn  
now in first stage of maturity was  
just starting to tassel and send  
out silks on stalks. With reason-  
able luck and a few extra days  
of warm weather, most of our  
crops are going to mature.

Now I have had several coopera-  
tors in the office asking about  
seeding wheat, oats, rye, barley  
and pasture mixtures. Much lime  
and phosphate is being applied as  
much of it could not be applied  
during our wet spring.

I want to say a few things about  
wheat and we should learn some-  
thing from poor wheat yields the  
past year.

(1) Soft wheat varieties yield  
better in Southern Illinois and no  
hard wheat should be grown to  
ruin our wheat market as mixed  
wheat must be sold at a discount.  
Vermillion, Knox, Senac, Dual and  
Saline are our better varieties, so  
use one of them.

(2) Prepare a good firm or  
packed seed bed to hold moisture  
and give wheat a chance to make  
good fall growth.

(3) Don't plant before the fly  
free date of Oct. 11 to 12. There  
was a lot of Hessian flies last fall.  
Early seeded wheat gets eggs laid  
on it and both fall and spring dam-  
age is experienced. This cuts  
yields. Rust and other diseases  
get a good start on fall wheat if  
seeded early and these are there  
to start work again in the spring  
besides weakening the plants be-

fore they go into the winter. What  
you think you might gain by a  
little extra fall growth you loose  
by disease and insects and extra  
loss in spring growth. So my bet-  
ter judgment says wait for fly  
free date of Oct. 12 for Saline  
county. The fly is still here by  
Oct. 12, but the wheat won't be  
up for week or 10 days later, so  
by that time the egg laying on the  
wheat is over.

(4) Get the best seed you can  
find. Much of our wheat was poor  
quality when combined and won't  
germinate and may be loaded with  
smut, scab, and weevil. Watch  
your seed. Treated seed is worth  
the difference. It should be ger-  
minated to know it will grow.

(5) Dual wheat may be planted  
10 days or 2 weeks earlier for  
pasture. It gets fly on it, but the  
wheat resists fly and very few are  
left in the spring.

(6) Use plenty of fertilizer  
with high phosphate content, when  
drilling the wheat.

(7) Knox and Vermillion have  
the least amount of straw and  
highest yields. This helps the  
clover catch crop seeded in spring  
or fall.

Winter oats may be seeded Sept.  
20 and should be seeded earlier  
than wheat. Barley may be seed-  
ed Sept. 25 to Oct. 1. Dubois prob-  
ably is the best winter oat. For  
barley use Hudson, Kenbor, Ken-  
tucky, or Missouri 0-205.

#### DIXON SPRINGS TOUR ON SEPTEMBER 18

Don't forget the tour of Dixon  
Springs, Wednesday, Sept. 18.  
This station was set up for the  
farmers of Southern Illinois and  
there are many valuable lessons  
to be learned on these tours. In  
fact, many of the farmers of Sa-  
line county are practicing on their  
farms some of the lessons learned  
on these tours.

The workers down at the Station  
are planning for you, and making  
every effort to show you things  
being done for your information  
and asked me to extend to you an  
invitation to attend.

Meet at the administration build-

## ABOUT THE IMPORTANCE OF FINE GROUND LIMESTONE

For healthier plants and greater  
yields we recommend use of 200  
to 400 pounds per acre of our  
Columbia Pulverized Limestone  
on your soybeans, corn, and other  
row crops.

The finer the limestone is  
ground, the faster and more  
completely it neutralizes  
soil. This stimulates soil  
bacteria and makes nitrogen,  
phosphorus, and other plant  
nutrients more available.

Columbia Quarry offers  
its Pulverized 200 Mesh  
Limestone packed in bags  
or in bulk.  
Get more bushels from less  
acres in this year's crop.

## Check Adequacy of Home Defense During CD Week, Director Urges

Gen. Robert M. Woodward, State CD Director, today called attention to Governor William G. Stratton's proclamation naming September 15th to 21st as Civil Defense Week. The proclamation urged "citizens to mark this week with appropriate ceremonies and participate in local observances."

The annual mid-September National Civil Defense Week is designed to test communities' emergency capabilities and encourage individuals to gain personal knowledge of disaster preparedness techniques.

Theme of this second annual observance will be "Government in Emergencies," emphasizing the important role of State and local governments in emergency preparedness.

Gen. Woodward stressed that an effective Civil Defense organization will permit best possible use of existing local resources during disasters.

The State Director suggested that communities use the following checklist during the annual observance to determine adequacy of their home defense:

—Have you established a State-approved Civil Defense Corps?

—Have you received property and equipment made available through current CD programs?

—Have you entered into Mutual Aid agreements with your neighbors to assist each other in emergencies?

—Have you an attack warning system to alert your citizens in event of an enemy attack or natural disaster?

—Are your CD forces trained and ready to operate in a natural disaster or enemy attack?

—Has an adequate community shelter and evacuation program been established?

—Do you have emergency hospitals and first aid facilities stocked and available for immediate use during disasters?

—From skin-diving equipment to rescue trucks and communications vans, Civil Defense offers a disaster insurance program no community can afford to ignore, Gen. Woodward said.

### 21 Religious Courses At University of Illinois By 11 Denominations

URBANA—CHAMPAIGN, Ill. — Church foundations representing 11 denominations at the University of Illinois are conducting this fall 21 courses in religion for which the University will grant credit toward graduation.

Fifteen courses are offered by Protestant denominations, four by the Newman Foundation (Roman Catholic), and two by the Hillel Foundation (Jewish). Protestant foundations presenting or cooperating in these courses include the Baptist, Disciples, McKinley (Presbyterian), Seabury (Congregational), Wesley (Methodist), Southern Baptist, McGarvey (Church of Christ), Lutheran Student Center, and Episcopal.

### Turn Injures Fingers

ST. CLAIRSVILLE, Ohio (UP) — Rudy Vrba nursed four broken fingers today just because he signaled to make a left turn in his car. As Vrba stuck his hand out the window, another car whizzed by. A youngster in the rear seat of the other auto stuck a baseball bat out the window, striking Vrba's outstretched hand.

### TO ATTEND SCHOOL OF THEOLOGY

Rev. and Mrs. Harrison Lee (Buddy) Peyton are leaving Sunday for Evanston, where he will attend Northwestern University School of Theology during the coming term of school. Mrs. Peyton has employment and they will live in an apartment at Evanston. Rev. Peyton is in a revival meeting at Galatia which ends tonight.

**MARRIED**—Supreme Court Justice Hugo L. Black, and his new wife, the former Mrs. Elizabeth S. Demerette, 49, are photographed at the Alexandria, Va., home of the 71-year-old jurist after their wedding. The couple was married in a private ceremony September 11th. The bride has served as Black's secretary for about 18 months. (NEA Telephoto)

"Use Civil Defense Week to inventory your state of preparedness. With the ICBM (intercontinental ballistic missile) already in the hands of the Soviets and the alarming rise in major natural disasters (over 400 across the nation in 1957), Civil Defense Week has a more vital significance this year," Gen. Woodward said. "You cannot wish away a flood or a bomb... but you can be prepared!"

### Eisenhower, Faubus Smile After Talk

(Continued from Page One)

ly into the chief executive's office and they began talking alone at 7:47 a. m. c.d.t.

A highly-regarded source told U. P. correspondent Neil MacNeil in Providence early today that Faubus went into the conference with a definite plan to ease the crisis but with no intention of capitulating.

This source said Faubus would tell the President that if a federal order to integrate Little Rock's schools is suspended, a close study of the problem will be undertaken and every move will be made to integrate as early as possible.

Any understanding resulting from the high-level conference must meet the approval of Federal Judge Ronald N. Davies, who three times has ordered school integration to proceed at Little Rock, only to be defied by Faubus.

The source in Providence told MacNeil that Faubus believes integration in Little Rock must be delayed, perhaps for a year, if violence is to be avoided.

Faubus said at the time he called out the National Guard to prevent integration at Central High almost two weeks ago that he was acting to preserve peace and not because of racial prejudice.

It was Hays' belief that the Newport conference might lead the way to a peaceful settlement of the school integration question throughout the South.

"If I hadn't been convinced of the potential of this meeting, I would not have participated in the discussions that led to it," Hays said during an overnight stopover in Providence.

### Gus Medley, 69, Dies at Eldorado

Gus Medley, 69, of 1551 Hardy street, Eldorado, was found dead at his home Friday. He is survived by his wife, Emma, and his son, Edward Medley, of Chicago. The body is in the care of the Martin funeral home and funeral plans have not been announced.

Zachary Taylor, the 12th president of the United States, who died suddenly of typhus in 1850, only 16 months after his inauguration, was the father-in-law of Jefferson Davis, president of the Confederacy during the War Between the States. Taylor's term of office was the second shortest in United States history: in 1841, William H. Harrison served only one month.

## Snow Falls at Laramie, Wyo.

By United Press  
First signs of winter were seen in the last days of summer as one inch of snow was reported in Laramie, Wyo. early today.

Temperatures dropped 10 to 15 degrees over a 25-hour period with the movement of a cool Canadian air mass into South Dakota, Nebraska, northeastern Colorado and the upper Great Lakes region. Denver, Colo., recorded 37 degrees early today, a 21-degree drop since Friday.

The U. S. Weather Bureau said snow which fell in the Rockies during the night was the first measurable deposit of the year. Earlier there had been flurries in Cheyenne, Wyo.

Showers and thunderstorms fell in a broad, sometimes heavy, pattern in the Southern and Central Plains, from the Ohio Valley to New England, and along the nation's underbelly, the Gulf area.

## Reject Plea to Remove Jets from Naval Air Station

WASHINGTON —The Defense Department has turned a deaf ear on pleas to remove noisy jet aircraft from the Glenview Naval Air Station near Chicago.

The department said Friday it will try to reduce noise and hazard to civilians, but could not justify the cost of building a new base to take over Glenview's defense activities.

Deputy Defense Secretary Donald A. Quarles gave the department's decision in a letter released by Sen. Paul H. Douglas (D-Ill.).

Douglas had suggested the Navy switch from jets to less noisy propeller-driven planes.

But Quarles pointed out the base was designed for jet aircraft and that dozens of other communities face similar inconveniences.

The Glenview base, about 20 miles from Chicago, is a major training site for reserve aviators.

## Britain Explodes Atomic Device

MELBOURNE, Australia (AP) — Britain exploded the first device of a new series of atomic weapons tests at the Maralinga testing grounds in South Australia today.

A brief announcement said only that the device was exploded from a tower successfully and that early indications were that the behavior of the radioactive cloud was forecast accurately.

British, Australian and Canadian scientists and troops took part in the operation.

## Ninth Mills Reunion Held At Cottonwood Community House

The ninth annual Mills reunion was held Sunday, Sept. 8, at the Cottonwood Community House. Eighty members of the Mills clan were present.

The crowd began to arrive about 10 a. m. and until 12 noon they visited and renewed old acquaintances, as several people only see each other at this annual affair. At noon the group gathered around the tables in the community hall and an invocation was given by Clarence Mills, then the people went through the cafeteria line and filled their plates generously with the food provided by the families attending the reunion.

After the basket dinner a business meeting was held. The secretary's report was read by Mable Grumley Burton and approved. The secretary's report was read by Morene Mills and approved. The president, Ralph Grumley, awarded prizes to the oldest Mills relative present, Mrs. Carrie King, the youngest relative present, Jana Ann Edwards, born on March 24, and to the person who came the farthest, Mrs. Blanche Hedges Moyer of St. Louis, Mo. A \$5 donation was given to the community house. Thirteen of the people present have not missed one of the Mills reunions.

Reports of deaths were given. The deceased were as follows: Lee Pickles, Arcadia, Florida, born Sept. 30, 1888, died Aug. 23, 1957 at the age of 68 years, and Cletus Arnold Mills, Alton, born Feb. 11, 1913 and died April 3, 1957.

Copies of the names, birthplace, birthdate and date of death for three generations had been mailed to each of the people present with the announcement of the ninth Mills reunion. This historical data was discussed and efforts will be made to have this data completed for two more generations before the next reunion. Of the eleven children born to Thomas Mills and Lucretia Barton, none are still living, but these eleven children had 44 children. Of the 44 children born to Thomas and Lucretia Mills' sons' and daughters' only 29 of them are still living. Of the 29 people, which is now the oldest Mills generation, the following were present at the ninth reunion: Lura Grumley Rister, Carrie Mills King, Ida Mills Edward, Clara Mills Jones, Clarence Mills, Elsie Pickles Crunk, Lucy Pickles Downen, Ethel Mills Stein, Nova Mills Murphy, Marie Mills Millsbaugh, and Morene Mills.

A motion was made and seconded that the same officers be elected for another year. They are Ralph Grumley, president, Mable Grumley Burton, secretary, and Morene Mills, secretary.

At the closing of the meeting the group sang "God Be With You Till We Meet Again" and stood in silence for a moment in memory of the departed members of the family, then were dismissed with a very touching benediction given by Clarence Mills.

The tenth Mills reunion will be held at the Cottonwood Community House on the second Sunday of September in 1958.

**AT THE THEATRES**—Marilyn Monroe is the object of Laurence Olivier's attentions (in upper photo) in "The Prince and the Showgirl," in Technicolor, to show at the Orpheum Sunday, Monday and Tuesday. At the Grand Sunday, Monday and Tuesday will be "A Hatful of Rain," starring Eva Marie Saint and Don Murray (shown in lower photo).

# ATTEND CHURCH SUNDAY

## LOST BOY

Dry those tears, Sonny. The Law has brought you home.

But when you're grown up, don't get lost then—for the Law won't be able to bring you home!

Sure, grown-ups often get lost. They choose the wrong road, they take the wrong turn, they depend on the wrong ideas, they seek the wrong aims. And some of them get lost again and again.

Why can't the Law bring them home, too? Well, when a grown-up gets lost he generally does a lot of harm to himself and others. And then it's the job of the Law to protect people from the harm he is doing.

But, Sonny, when you grow up you're not going to get lost. We have thousands of churches for youngsters like you—and for your parents, too. Churches teach us to find ourselves before we have a chance to get lost.

### THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### 'Ezekiel--Faithful Pastor'

Ezekiel 1:1-3; 24:15-18  
GOLDEN TEXT: "Ye my flock, the flock of my pasture, are men, and I am your God, saith the Lord God." (Ezek. 34:31)

INTRODUCTION — Last week we studied about the work of an efficient secretary, and Baruch was our example. This week we study the work of a pastor, and Ezekiel is our example.

To become a pastor of one of God's flocks is not first of all any man's choice. God selects and calls His ministers, prophets, preachers, elders, bishops, or, whatever proper name you might call them by. One does not become a pastor because of prestige, honor, or security; but because first of all, down deep in his heart, he hears the call of God to become His servant. When a man has received this call from God, he can never be happy doing anything else. As the great Apostle Paul said: Woe is me, if I preach not the gospel of Christ."

I EZEKIEL'S CALL (Ezek. 1:1-2)

Here Ezekiel tells the exact year, month and day on which he was called into special service by God. This is not uncommon. Many ministers today can do the same.

There is no doubt but that Ezekiel had been impressed on other occasions. He had been very conscious of the presence of God. However, on this occasion, Ezekiel says: "I saw visions." He had a definite experience with God, a definite call from God, to become a servant.

God does not visit men today in visions. We have the Holy Spirit to come and reveal God's will to day. In the third verse we read: "The word of the Lord came expressly unto Ezekiel." God spoke to His servant. He speaks to His servants today through the Holy Spirit, who is always present.

II GOD APPROVED EZEKIEL (V. 1:3)

In verse three we read: "The hand of the Lord was there upon him." This means that the power

of God is with him, he has nothing whatsoever to fear. There is nothing in this world that can bring more joy to a pastor's heart than to be aware of the presence of God. When the pastor enters the pulpit to deliver the message that God has laid upon his heart, and he feels God's hand upon him, he has a thrill that words cannot describe.

III EZEKIEL WAS FULL OF THE SPIRIT (2:1-5)

God said to Ezekiel: "Stand upon thy feet, and I will speak unto thee." Every pastor has had many experiences of speaking with God. Every sermon he preaches is the result of God's speaking to him. Any sermon that is composed without speaking with God is sure to fall flat. Every project promoted by a pastor is the result of God's speaking to his heart. If it is promoted without God's help, failure is almost certain.

In verse three we read: "I will send thee." A pastor will never do his most effective work unless he is sent by God. God not only calls men into the ministry, He also sends them to the places where He would have them serve. It is a wonderful feeling for a pastor to know, without doubt, that he is serving WHERE God wants him.

IV EZEKIEL—THE SHEPHERD (34:11-16)

Jesus said of himself: "I am the good Shepherd." David said: "The Lord is my Shepherd." God has made the pastor to be His under-shepherd. The pastor cares for one of God's many flocks. To do so correctly, he must have the shepherd's heart.

Ezekiel was God's under-shepherd. In these verses God promises that He "will both search my sheep and seek them out." He is to use Ezekiel to "search out" the sheep. God is using His pastors all over the world today to do exactly the same.

In verse 13 God says: "I will bring them . . . gather them . . . feed them." Herein is found one

of the true pastor's greatest delights. He dearly loves to gather to flock and feed them. He is to preach (V. 1) the unsearchable riches of the gospel.

CONCLUSION — In verse 14 we read: "I will cause to lie down." The pastor is able to bring comfort, in times of sorrow, to his flock. He is able to give good counsel in times of trouble and emotional distress. He is able to maintain an evangelistic fervor and to win the lost. Why can he do these things? Is he a superman? No, he can do these things because he is God's called man. He is God's anointed. It is really God working through him. Your pastor's task is not easy. You can be a real blessing to your pastor by praying for him, by boosting him and by praising him when speaking to others about him. God will reward you for your faithfulness.

## West Frankfort Redbirds Rip Carbondale, 27-0

By United Press  
The Illinois prep football season got off to a flying start Friday night and two of last year's unbeaten titans were jolted with defeats in their 1957 debuts.

Champaign's Maroons, a third undefeated power of 1956, also got a scare but managed to pull out a 6-0 triumph over Springfield Feitshans to keep their victory streak intact.

Carbondale Community, which had only one tie to mar its 1956 record in the Southwest Egyptian Conference last year, got off on the wrong foot in the new campaign and was bludgeoned 27-0 by West Frankfort's Redbirds.

Tuscola, which went undefeated to the Okaw Valley Conference title last year, also skidded into the loss column, being edged 14-12 by the Paris Bulldogs.

Three Peoria city teams put on a convincing show of strength in their opening games, with Peoria Manual leading the way with a thumping 60-6 rout of East Peoria.

Peoria Woodruff dumped Chicago Tilden Tech 13-7, and the Peoria Spalding Irish walloped Peoria Limestone 30-0.

Arcola ran up one of the night's high scores in smashing Lexington 56-0.

In other high scoring games, Polo whipped Galena 45-0, Abingdon trampled Galesburg Corpus Christi 44-0, Chillicothe stopped Princeville 39-0, and Carlinville thumped Litchfield 36-6.

Among Big 12 teams, starting their last season before the conference breaks up, Mattoon jolted Robinson 34-0, Streator clipped Kankakee 13-7, and Danville crushed Chicago Crane Tech 39-0. Two other Big 12 teams lost, Bloomington going down before Normal Community 15-6, and Lincoln taking a 6-0 defeat at the hands of Springfield Lanphier.

All were non-conference games. In southern Illinois, Murphysboro emerged with a 7-0 win over Harrisburg. Eldorado walloped Marion 34-6, Mount Vernon blanked Chester 21-0, Herrin smashed Zeigler, last year's Black Diamond Conference champion, 32-0, and Collinsville edged Centralia 21-20.

## Eagles Race to 34-6 Win at Marion Eldorado Gains 384 Yards in Grid Opener

Eldorado, scoring in every quarter but the second, walloped the Marion Wildcats Friday night 34-6. It was the opening game of the season for each team and was played on the Marion gridiron.

Eldorado scored 13 points in the opening period, 14 in the third and seven in the final frame. Marion's lone TD came early in the first period. Statistics show the winning Eldorado team was superior in practically every department of play, running up 12 first downs to Marion's 6, gaining 384 yards from scrimmage while holding the opposition to a net gain of 93 and the passing game was near even. Marion completed more passes, but Eldorado's one completion was for 32 yards, about equal to the total gained on Marion's three completions.

Brightest spot in the Marion attack was two kickoff returns by Jim Pluck, 170-pound senior halfback. He raced 80 yards to a TD on one occasion and twisted and turned for another 30-yard return. Eagles Score Early

The game started with Eldorado kicking off, holding Marion on three plays and taking the Wildcat punt on the Eldorado 45-yard line. On the first play from scrimmage Jerry Rains, fullback, exploded through the line and raced to the 10 before he was hauled down. Fequay went over for the TD. The PAT was missed.

On the following kickoff Pluck took the ball on the 20, moved to his left, picked up a couple of blockers and went all the way to score for Marion. The PAT failed and the score was tied at 6-6.

Eldorado brought the kickoff to its own 46 and advanced the ball

in seven plays to the 32. Quarterback Justice passed to Jack Fowler, at end, for the TD, then Justice carried for the point and Eldorado led 13-7.

Neither team scored in the second quarter, with both Eldorado and Marion recovering fumbles to halt potential threats.

Midway in the frame Eldorado lost the ball on Marion's 34-yard line. Six plays later Marion fumbled and lost on Eldorado's 35.

Eldorado failed to score a first and ten in the third quarter, but picked up 14 points.

Eldorado took the kickoff on its 15. Rains gained 3, Fequay 5, then Fowler, moved to a halfback spot as the second half began, raced 77 yards to score. Fowler ran for the PAT.

On the first play following the kickoff Marion fumbled, Eldorado Co-Captain and end James Wood scooped up the ball and raced to

**Middlecoff Sets  
Torrid Pace  
In Dallas Open**

DALLAS, Tex. (AP)—Cary Middlecoff was setting a torrid pace in the \$40,000 Dallas Open today because he's defying the adage that those low 60s you chalk up in practice won't show up when the heat's on.

Middlecoff, whose health has been below par and his golf game above par much of this year took out over the short, 6,300-yard Glen Lakes Club layout just like he was playing a practice round and wound up with a sizzling 32-31-63, 8-under Glen Lake's par 71, and good for the first-round lead.

Big Al Besseling, Grossingers, N. Y., was in second place with a 33-31-64. Two other players were only one stroke further back at 65. They were Earl Stewart Jr. of Dallas, and Howie Johnson, a transplanted Minnesotan who lives in Houston, Texas.

## Willie Mays Paces Giants To 7-3 Win Over Cardinals; Dodgers Beat Braves, 5-1

By United Press  
Willie Mays and Roy Sievers don't have the traditional advantage of playing for pennant contenders but there probably wouldn't be a whisper of protest among baseball men if they won the year's most valuable player awards.

The New York Giants' brilliant all-around star and the Washington Senators' slugger were "one-man gangs" again Friday night as they sought to nail down statistical proof of their great seasons. Mays had four hits and threw out a runner at the plate as the Giants whipped the St. Louis Cardinals, 7-3, while Sievers drove in three runs with a pair of homers to lead the Senators to an 11-6 triumph over the Kansas City Athletics.

The Giants' victory held the Cardinals five games behind the first-place Milwaukee Braves, who bowed to the Brooklyn Dodgers, 5-1, in the National League race while the only significance of the Senators' win was they now have a mere 14 games to play before they can watch the World Series on TV.

Braves Drop 7th of 11  
The Dodgers scored four runs

on three hits and four straight walks in the seventh inning to deal the wobbly Braves their seventh loss in 11 games. Don Drysdale struck out five and allowed only five hits in gaining his 15th victory compared to nine defeats.

Smokey Burgess' eighth-inning homer provided the margin of victory as the Cincinnati Redlegs outslugged the Philadelphia Phillies, 8-7, and the Pittsburgh Pirates downed the Chicago Cubs, 4-1 and 2-1, in other NL games.

In the American League, the New York Yankees widened their lead to six games with a 7-1 triumph over the second-place Chicago White Sox and the Cleveland Indians crushed the Boston Red Sox, 16-3. Detroit at Baltimore was rained out.

Johnny Klippstein was the co-hero for the Redlegs, coming out of the bullpen in the ninth to retire Willie Jones and Chico Fernandez and stop a three-run Philadelphia uprising.

Bob Friend pitched a six-hitter for his 12th victory as Hank Foiles and Bob Skinner homered and Bob Smith won his second game when Gene Freese singled home the winning run in the ninth for the Pirates.

## Red Devils Score From Harrisburg Fumble in Final Seconds of Play

The Murphysboro Red Devils snatched victory from the Harrisburg Bull Dogs in the last half minute of their opening football contest at Murphysboro last night.

The Bull Dogs were far out in front in statistics as they played a magnificent defensive game, but Murphysboro copped a 7 to 0 victory, which was the main thing.

With just about a half minute left Harrisburg had a first down on the M-37. But on the play that followed the ball was fumbled on a pass attempt and Eddie Shaw, fastest man on the Murphysboro team, picked up the loose ball and raced about 56 yards to score.

There were 24 seconds left in the game when Shaw crossed the goal line. He had a clear field ahead and no fast boys nearby when he grabbed the pigskin and started running. Ken Lavender kicked the extra point.

### Tally Nullified

Up to that point Harrisburg had had a decisive edge. The locals had moved to the M-14 in a third quarter touchdown drive, only to lose on a fumble.

They roared back to take the ball over the goal line, when Eddie Price smashed two yards for an apparent score on the next to last play of the third period, but the tally was nullified for backfield in motion.

Statistics show Harrisburg made nine first downs to three for Murphysboro. Harrisburg gained a net 129 yards from scrimmage to a net 15 for the Red Devils. Harrisburg had a net 48 yards rushing and 81 passing to Murphysboro's net 15 from scrimmage and nothing from passing, which shows how great the Harrisburg line was charging.

Harrisburg completed nine out of 18 passes and had one interception. Murphysboro failed to complete a pass in four attempts, one heave being intercepted.

### Defense Sparkles

Biggest star in the Harrisburg crown was the wonderful defense put up, as can be seen from the Murphysboro statistics. Time after time Bull Dogs broke through to throw Murphysboro ball carriers and passers for losses. The entire line played great ball all night.

Best threat Murphysboro made until the final tally was in the first quarter when the Red Devils moved from the H-38 to the H-28. But there they first lost six yards, then 17, in efforts to move the ball. Early in the second quarter Shaw got off for a 38 yard run before tackled by Mickey Stone and Ray Hassett and on the next play Bud Logan threw Lavender for a big loss and Murphysboro had to punt.

Harrisburg had to play without Don Biggs, their best ball carrier, who was declared ineligible only the day before the game. Coach Lawrence Caluffetti had to do some quick work and changed end Bill Yates into a halfback overnight. Yates did a fine job, getting off for two nice 14-yard runs.

### Few Local Substitutions

The Bull Dog ranks are thin this year and most of the boys played the entire game. In fact, only notable substitution was that Bill Endsley and Darrell Biggs alternated at a guard post throughout, Endsley playing on offense and the sturdy Biggs on defense.

Stone-to-Hassett passes clicked well on offense. One of them went for 22 yards, another for 20. Caluffetti started the following lineup:

Ends: Ira Logan and Don Pickford. Tackles: Jack Simpson and Ron Maynard. Guards: Gary Aldridge and Bill Endsley. Center: Allen Buchanan. Quarterback: Ray Hassett. Halfbacks: Mickey

## List Rules for Deer Hunting in Waterfowl Refuges

SPRINGFIELD (AP)—The Conservation Department today issued a list of regulations for deer hunting by bow and arrow huntsmen at Horseshoe Lake and Union County waterfowl refuges.

The two refuges were opened for deer hunters to remove a rapidly growing deer population which is interfering with the food crops planted for waterfowl.

Conservation Director Glen D. Palmer said bow hunters with deer permits may report at check stations set up at the two refuges beginning Oct. 1. The number of hunters admitted at one time will depend on day to day conditions.

He said parts of the refuges will be off limits for hunting deer. However, deer hunting in the nearby national forest land will be open to bow hunters Oct. 1-15, as part of the open season in 33 Illinois counties.

Each hunter is permitted one deer of any sex or age.

Australia leads the world in wool production, with its annual clip from 131,000,000 sheep selling for about \$900,000,000.
